**MERIDIAN METROPOLITAN DISTRICT
2024 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

Meridian Metropolitan District (the Original District) is a quasi-municipal corporation and political sub-division of the state of Colorado organized by order and decree of the District Court for Douglas County on September 30, 1980, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The Original District's service area is located in Douglas County, Colorado. The Original District was organized to provide water and wastewater service, street construction, construction and maintenance of parks and recreation facilities, and public transportation. It derives its revenue principally from water and sewer sales and general property taxes.

On May 11, 2021, the Original District and North Meridian Metropolitan District (North Meridian) adopted a joint resolution to consolidate and operate as Meridian Metropolitan District (the District). The public health, safety, prosperity, and general welfare of the inhabitants of both the Original District and North Meridian will be better served by the District. The District, a quasi-municipal corporation and Political Subdivision of the State of Colorado, was organized by order and decree of the District Court for Douglas County on December 30, 2021. The Original District and North Meridian continued to exist as separate entities until December 31, 2021.

The District's Board of Directors are considered employees of the District. The District contracts for all of its management and professional services.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

Property Taxes

The primary source of revenue is property taxes. Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

The calculation of the taxes levied is displayed on the Property Tax Summary Information page of the budget using the adopted mill levy imposed by the District.

For property tax collection year 2024, SB22-238 and SB23B-001 set the assessment rates and actual value reductions as follows:

Category	Rate	Category	Rate	Actual Value Reduction	Amount
Single-Family Residential	6.70%	Agricultural Land	26.40%	Single-Family Residential	\$55,000
Multi-Family Residential	6.70%	Renewable Energy Land	26.40%	Multi-Family Residential	\$55,000
Commercial	27.90%	Vacant Land	27.90%	Commercial	\$30,000
Industrial	27.90%	Personal Property	27.90%	Industrial	\$30,000
Lodging	27.90%	State Assessed	27.90%	Lodging	\$30,000
		Oil & Gas Production	87.50%

SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Revenues (Continued)

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 9.00% of the property taxes collected by the District.

Water and Sewer Service Fees

The District bills its customers monthly for water and sewer services. Revenue for water service is comprised of billings to residential and commercial customers and golf course irrigation fees based upon water meter readings at established rates. Residential and commercial customers are charged a flat rate per thousand gallons of water usage for sewer services.

Interest Income

Interest earned on the District's available funds has been estimated based on current interest earnings.

Intergovernmental Revenue

The intergovernmental revenues are transfers from South Meridian Metropolitan District (SMMD) to provide funding for the overall administration and operating costs of SMMD.

DCC Fees

Anticipated fees for the review of architectural and design plans are displayed on the DCC Fund page of the budget.

Expenditures

Administrative and Operating

Operating and administrative expenditures include the estimated services necessary to maintain the District's administrative viability such as legal, management, accounting, insurance, banking, meeting expense and other administrative expenses.

Debt Service

The debt service expenditures are for principal and interest payments related to the General Obligation Bonds, Series 2017, dated November 14, 2017, General Refunding and Improvement Loans, Series 2020, dated March 24, 2020 and General Obligation Bonds, Series 2023, dated July 20, 2023. See attached debt service schedule.

Capital Outlay

Anticipated expenditures for capital outlay include street improvements, water and wastewater improvements, landscaping and transportation projects.

Debt and Leases

On March 24, 2020, the District refunded the majority of the \$59,650,000 General Obligation Refunding Bonds, Series 2011A with an average interest rate of approximately 4.00% and \$10,350,000 General Obligation Refunding Bonds, Series 2011B with an average interest rate of approximately 4.00%. The defeased bonds are not considered a liability of the District since sufficient funds (\$68,543,724) were deposited with a trustee and invested in U.S. government securities for the purpose of paying the principal and interest of the defeased bonds when due. The remaining unfunded portion of the defeased Bonds was paid by the District over the next few years and included in the budgeted expenditures.

The proceeds of these bonds will be used for public infrastructure within the District. The bonds maturing on or before December 1, 2028, are subject to redemption prior to maturity, at the option of the District, without redemption premium.

On March 24, 2020, the District partially refunded the Series 2011A General Obligation Refunding Bonds and the Series 2011B General Obligation Refunding and Improvement Bonds by the issuance of \$54,616,000 General Obligation Refunding Loan, Series 2020A with interest rates ranging from 2.16% to 2.74% and \$9,434,000 General Obligation Refunding Loan, Series 2020B with interest rates ranging from 2.16% to 2.74%. A portion of net proceeds (\$64,063,000) were deposited with a trustee and invested in U.S. government securities for the purpose of paying the principal and interest of the refunded 2011 Bonds when due. The Series 2020A and Series 2020B Loans are taxable and convertible to tax-exempt Loans which will be evidenced by separate promissory notes from the District to the Lender.

On March 24, 2020, the District issued General Obligation Loan, Series 2020C in the amount of \$6,013,000 with interest rates of 2.16% to 2.74%. The proceeds of 2020C Loan will be applied to finance certain public improvements within the District. The 2020 Loans call for interest payments on June 1 and December 1 commencing on June 1, 2020. The principal payments are due annually on December 1 commencing December 1, 2020 through 2040. The 2020 Loans maturing on or after December 1, 2030, are subject to redemption prior to maturity, at the option of the District, without redemption premium.
